Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1, 3-6, 8, 10, 11, 18-20 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The Y¹¹ is improper and confusing. There is an “if” but no corresponding “then” clause to the proviso.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1, 3-6, 8, 10, 11 are rejected under 35 U.S.C. 102(b) as being anticipated by Eidenschink et al US 4818431, Eidenschink et al US 4755323 or Yanai et al US 6558758.

Eidenschink et al ‘431 and ‘323 teach tetrahydropyran compounds corresponding to those recited in the claims where, e.g. in applicants formula I a = 1, b = 1, R¹¹ is

alkyl and D is D is phenylene. See, respectively, compound RN 95377-05-2 and RN 96787-16-5. Yanai et al also teach the recited compounds. See, column 10 lines 15-20.

Applicants' comments have been noted and considered but are not deemed persuasive of patentability. It is noted that the proviso as presently recited does not exclude corresponding compounds in Eidenschink et al where ring D is phenyl. Note also that Y¹¹ in the claims as amended may still be -CN.

No claim is allowed.
